

Paper Trees: Genealogical Clip-art

Paper Trees is a unique collection of hand-drawn family trees and charts which you can fill in and color by yourself. All of these beautiful designs are original, and they are available as clip-art for use as cards, announcements, book covers, section dividers, reunion T-shirts and mugs, newsletter designs, research aids, or for any of a thousand other things. Filled in by hand, calligraphy, or type, and hand-colored in pen or paint, each of these family trees is guaranteed to be unique, and each illustration--whether elegant, whimsical, or just plain folksy--is a joyful celebration of your family. Uses for it are limited only by your imagination. You can photo-reduce the family trees for use as note cards and stationery, or you can enlarge them to show family detail at its optimum. Remember that each of these family trees is an ancestral tree. The tree starts with you, and each generation back doubles in size, showing two parents, four grandparents, eight great-grandparents, etc. You'll have a great time with these illustrations, and you can pass them on finished or unfinished, to be treasured as keepsakes or to be embellished and completed by others.
