

Paris: An Architectural Guide (Itinerari (Venice, Italy), 5,)

The complete pocket guidebook to the most relevant 264 buildings of Paris, from the foundation of the city in the First Century to the present day. Divided into five chapters in chronological order: Foundation of the city; from Middle Ages to Gothic; from Renaissance to the Present. Each chapter is introduced by a short essay about the architectural period and a map of the city where the buildings are located. Plans are also given for the most important buildings.
