

Piccadilly Circus, Bunker Basement (v. 1)

This 348-page, two-volume edition contains extensive documentation of two pieces from 2003, Piccadilly Circus and Bunker Basement. Using the Victorian interior of an abandoned bank on London's Piccadilly as the on-site location for this video performance, and a rudimentary re-creation of that bank's subterranean vaults in his studio outside Los Angeles for supplementary footage, McCarthy has staged a slapstick Twilight of the Gods that also doubles as the most disturbing Sadeian fantasia since Pier Paolo Pasolini's Salo.
