

Print & Stamp Lab: 52 Ideas for Handmade, Upcycled Print Tools (Lab Series)

Artist and popular workshop instructor Traci Bunkers can turn just about anything into an interesting stamp, printing block, or tool. In this book, she shows readers how to see overlooked, everyday objects in a new way, and how to MacGyver them into easy to use printing blocks and tools. Readers learn to create 52 print blocks and stamp tools, all from inexpensive, ordinary, and unexpected materials--string, spools, bandaids, flip flops, ear plugs, rubber bands, school erasers, and a slew of other repurposed and upcycled items. The book also shows how to use those simple tools to make gorgeous, multi-layered prints and patterns that can be used to enhance journal covers, stationery, fabrics, accessories, and more.
