

Steampunk Desires: The Complete Collection

The Complete Collection of the Steampunk Desires series! With this boxed set, you'll get all 5 volumes of the Steampunk Desires series, and save over 60% on buying them individually! Follow along with the strange, sexy journey of the HMS Rapturion, and enjoy the following: Vol. 1 - Eleanor It's the late 19th century, a time of innovation and luxury, and the HMS Rapturion is the finest in Air Cruise Co.'s fleet of luxury airships, providing the very best that the era has to offer. Even the power that drives the ship is innovative, not to mention steamy and sexy, and the role of the propulsion crew is far more intimate than any crew before or hence. Meet Eleanor, the newest member of the HMS Rapturion's propulsion crew, and watch as she discovers just how erotic keeping a ship aloft can be. Vol. 2 - Edwin It takes a lot of energy to keep a luxury airship in the air, and Edwin leads the propulsion team on the HMS Rapturion. When one of his crew has trouble meeting his energy quota, Edwin figures out how to help him get it up both literally and figuratively! Join Edwin in discovering the unexpected key to this man's success - a fiery vixen named Scarlett, who has some tricks of her own! Vol. 3 - Eloise Life in Victorian England is easy if you're as privileged as Eloise is, but when the call came for new members to join the HMS Rapturion's propulsion crew, she knew there was a better life to be had: a life of bugging all day long and getting paid to do it! But she finds a much harsher life onboard the luxury airship: uncompromising floor managers and uppity crewmates are just the beginning of her woes. Instead of a life of sleeping with whoever she wants, whenever she wants, she finds herself alone and confused. Life on the HMS Rapturion may not be what she expected, but she soon finds it's exactly what she needs, and it will take a change of heart for her to fit in. Luckily, there is one person who knows exactly what Eloise

needs...and is more than happy to give it to her! Vol. 4 - Harriet Its the late 19th century, a time of innovation and luxury, and the HMS Rapturion is the finest in Air Cruise Co.s fleet of luxury airships, providing the very best that the era has to offer. You may have already heard about the HMS Rapturion, the curious luxury airship powered by the fornication of its propulsion crew, as its fame grows greater by the day. Now meet Harriet, the inventor of the technology that made it all possible. Follow her as she seeks out newer and better ways to bring the ship to life and maybe it will breathe some life into her, and her desires, as well! Vol. 5 - Nora Now, when a critical part of the propulsion crew of the HMS Rapturion falls ill, Edwin must do all he can to keep the ship aloft. In a desperate move, the captain calls on the passengers for volunteers to lend their bodies to getting the Rapturion safely back to port. Meet Nora, the sexy, brave heroine that might just save the day! Fans of steampunk and adult action will love this spicy hot erotic romance story with strong, independent women and sexy alpha heroes. Warning: This collection contains hot and heavy scenes, spicy descriptions, and sultry times. Read at your own risk...or delight!
