

Pump Six and Other Stories

Paolo Bacigalupi's debut collection demonstrates the power and reach of the science-fiction short story. Social criticism, political parable, and environmental advocacy lie at the center of Paolo's work. Each of the stories herein is at once a warning and a celebration of the tragic comedy of the human experience. The 11 stories in *Pump Six* represent the best of Paolo's work, including the Hugo nominee *Yellow Card Man*, the Nebula- and Hugo-nominated story *The People of Sand and Slag*, and the Sturgeon Award-winning story *The Calorie Man*. The title story is original to this collection. With this book, Paolo Bacigalupi takes his place alongside SF short-fiction masters Ted Chiang, Kelly Link and others, as an important young writer that directly and unabashedly tackles today's most important issues.
