

## After Oil (Kingdom of Walden)

We thought we had no reason to worry... we were wrong. The people of Whitefish are no strangers to snow. Used to feeling forgotten and digging their own way out, no one thought anything of it when, during one of the coldest winters on record, help never came. But, as fuel runs out and raiders press in on all sides, Derek, Sheridan, and Garrett realize its not just the snow they need to dig their way out of... From salesman to Master Ranger Derek, a salesman nearly retirement, and his wife find themselves far from home with little more than the clothes on their back and lucky to find themselves at least among friends on Sheridans ranch just outside of Whitefish. Driven to find answers and his own place in a new world Derek forms Rangers of similarly displaced travelers and citizens and leads them to find Garrett and bring back onetiny, but bright, spark of hope to a fledgling nation in the form of the solar field on Sheridans farm.
