

HAIKULISM: Romance & Sensuality, Volume One (HAIKULISMS by Ronald Joseph Kule Book 1)

Haiku are simple, delicate three-line poems. They convey a powerful insight into Life's tenacity and beauty, which thrives all around us. Haiku's history is long and derives from the sensibilities and philosophies of the world of Oriental cultures. HAIKULISM: Romance & Sensuality delves into the delights and pleasures of the tactile senses of both body and soul. What the poet has seen and felt awaits you within the pages of this book -- the first of a series of haiku from the same source. The fast-paced world of today tires both body and soul. This collection of poems can remedy, restore and renew vitality and purpose. A whole day spent contemplating the meaning of one haiku can make the drudgery of the workday disappear. Bathe in the luxurious notions that are Haikulisms by Ronald Joseph Kule.
