The book includes warnings for children, teenagers and adults. The real life stories will make you realise what can happen if you dont pay attention to your health! Covered in this book: - Statistics and facts - Risk factors - Symptoms - RSI and arthritis - Treatments - Coping -Preventing - Self care - Posture matters - The problem with sitting - Stretches - Exercises - Identifying hazards - Risk assessment - Dangers of laptops - Dangers of cell phones - Dangers of video games - RSI concerns for children and teenagers - RSI in the workplace - Relevant regulations .....and much more Gosh, I was just denying the pain in my thumb. Not any more after Ive read this book. I now phone my girlfriend instead of sending her 10 text messages. Absolutely love this book. Rachel Richardson I am full of admiration for Lucy. At the age of 19 bringing out a book about RSI? Surely that should make the news! It is clear after reading the book that Lucy has investigated the subject a lot and now knows what she is talking about. I love the exercises Louise Green When I get together with my friends, we all get this book out and do the exercises as we now realise we should no longer deny our pains. I certainly do not want to end up like one of the sufferers
