

Relentless Beauty: The Art of Shannon Crawford

An alchemist of color and styles, Shannon Crawford paints oil works that are subtle depictions of dark concepts, disguised by beautiful, surreal imagery. The beauty of his paintings is matched only by the often-intense nature of their content. Conjuring imagery in an exquisite, though provoking fashion, ultimately offering an unfiltered window into many aspects of life, Crawford's work has gained much recognition in recent years, most recently finding its way into the collections of Johnny Depp, Jack Nicholson, Carmen Electra, Lindsay Lohan, and Ross Robinson.
