

African Greys (The Birdkeepers Guides)

This all-new, highly visual guide is written by a parrot behavior specialist and provides concise yet complete coverage of key subjects like parrot biology, feeding, housing, and training. An invaluable chapter of frequently asked questions offers expert advice on this very popular species of parrot, while the full-color photos, sidebars, and tip boxes deliver the information in an easy to understand format. The author thoroughly discusses solutions to various behavior problems as well as advice on finding an escaped African Grey.
