

Sputnik Sweetheart

Haruki Murakami is unquestionably Japan's leading novelist with his many works - fiction and non-fiction - consistently reflecting contemporary Japanese life while, unusually, sustaining an international appeal through a deeply human perspective. *Sputnik Sweetheart* is his ninth novel, written in 1999, and tells the story of a young woman - Sumire, an aspiring writer - who falls in love with an older, successful businesswoman and wine expert, Miu. Their relationship is told through the eyes of Sumire's close (male) friend. It is a curious, mysterious tale, told with the compassion and quirkiness that is the hallmark of Murakami's writing. Translated from Japanese to English by Philip Gabriel.
