

A Dangerous Weapon: Insinuation

The Swarm is on the move. They seek revenge for the death of their agent and have sent a special task force to locate the perpetrator(s). The secret organization known as Dedep must now use their collective mental abilities to meet the threat, and they must do so without revealing their own presence -- even to their new ally, the Coalition. Dedep hopes to use their Dangerous Weapon in the upcoming battle, but that object is not what it seems. Only the two individuals who have called it into existence knows what it actually is, and they have been seduced by it. Second book in the trilogy.
