Striper Bass Fishing at Chain Bridge on the Potomac River

Albert Bridgewater

In 2001, a world-class striped bass fishery existed at Chain Bridge on the Potomac River. Disease decimated that mature population. Now, the fishery slowly is recovering, but it is vulnerable to neglect and overfishing. In part, this work calls upon to a new generation of concerned fishermen to become stewards of the resource. In part, this work is a how to book documenting the beautiful environment at Chain Bridge and the techniques that still work.
