

Structured On-the-Job Training: Unleashing Employee Expertise into the Workplace

Structured On-the-Job Training offers a practical, easily applicable approach to a crucial but often frustrating process. Designed for managerial, technical, and awareness training, the book offers a six-step program that combines the consistency and reliability of formal classroom training with the relevance of learning in the actual work setting. This revised and updated edition is the perfect blueprint for business success through planned training on-the-job.
