

The Book on Vegas

In celebration of Las Vegas centennial, Greybull Press has put together the ultimate visual tribute to sin city. An exceptional collection of images of the city as seen through the eyes of many of the most important photographers, artists and filmmakers of the past 50 years, it also includes classic archival images that capture the true essence of what makes Vegas the high/low pleasure capital of the world: its entertainers and celebrities, its winners and losers, the dealers, divas, players and dreamers. The Book on Vegas features landmark images of the desert citys architecture, street life, weddings, casinos and surrounding landscape. Some of the highlights include William Claxtons intimate backstage portraits of Marlene Dietrich, Sammy Davis Jr. and Noel Coward; Elliott Erwitts iconic image of the lone slot machine player; Helmut Newtons photograph of the secret money room at Caesars Palace; Bruce Webers portfolio of Siegfried & Roy at home with their tigers; Grant Mudfords straight architectural photos of Liberaces outlandish estate; Lauren Greenfield and Philip-Lorca diCorcias intimate portraits of pole dancers; Diane Keatons mysterious images of hotel lobbies; Garry Winogrands off-the-strip motel swimming pool; Ed Ruschas stop-action shots of a typewriter being dropped from the window of a Buick speeding through the nearby desert; Leroy Neimans painting of Buddy Hackett; stunning film stills from Casino, Koyaanasquatsi, Godfather II and other classic films--and much, much more. With over 300 pages, and 226 exquisitely produced color images, The Book on Vegas is luminous, loud and spectacular--like the city itself. Includes work by Doug Aitken, Guy Bourdin, Sophie Calle, Robert Crumb, Todd Eberle, William Eggleston, Elliott Erwitt, Larry Fink, Lee Friedlander, Ron Galella, Lauren Greenfield, Dennis Hopper, Mary Ellen

Mark, Joel Meyerowitz, Richard Misrach, Helmut Newton, Martin Parr, Raymond Pettibon, Jack Pierson, Robert Polidori, Richard Prince, Ed Ruscha, Stephen Shore, Thomas Struth, Larry Sultan, Arne Svenson, Robert Venturi, Nick Waplington, Bruce Weber and others, as well as an essay by the influential art critic and University of Las Vegas professor Dave Hickey.
