

Knack

LilBookLovers BlogI have to applaud the author for the wonderful characterization. You would never expect the changes in each character, nor would you expect a certain trait about each person. I love these characters because each one was so round and dynamic and had secrets I never would have thought. Recommendation: Yes. This series has potential to become a great one. 9/10 Stars A darkly polished...adventure...an extraordinary creation. Supernatural knacks don't solve all of your problems. Sometimes problems have a mind of their own...and follow you home.
