

## Gatefather: The Mithermages, Book 3

The much-anticipated third installment in Cards New York Times best-selling Mithermages series Danny North is the first Gate Mage to be born on Earth in nearly 2,000 years, or at least the first to survive and claim his power, for families of Westil in exile on Earth have a treaty that requires the death of any suspected Gate Mage. The wars between the families had been terrible until at last they realized it was their own survival in question. But a Gate Mage, one who could build a Great Gate back to Westil, would give his own family a terrible advantage over all the others and reignite the wars. So it was decided that they all had to die. And if the families didnt kill them, the Gate Thief would - that mysterious mage who destroyed every Great Gate, along with the Gate Mage who created it, before it could be opened between Earth and Westil. But Danny survived. And Danny battled the Gate Thief - and won. What he didnt know at the time was that the Gate Thief had a very good reason for closing the Great Gates - and Danny has now fallen into the power of that great enemy of both Earth and Westil.
