

Cathy

First published as a run of just 500 copies in 1986, Cathy is a collection of photographs by John Carder Bush of his sister Kate as a young girl, with accompanying text. This new edition the first printing since the original edition includes a new introduction by John Carder Bush, illustrated with eight previously unpublished photographs. A beautifully bound hardback with a linen cover, head and tail bands, and a matching linen slipcase, Cathy is comprised of 28 cut out pages featuring the text, with full-page photographs revealed on a separate page beneath. The design matches the original limited run in layout, including the original introduction as well.
