

The Sea Is Ours: Tales from Steampunk Southeast Asia

Steampunk takes on Southeast Asia in this anthology. The stories in this collection merge technological wonder with the everyday. Children upgrade their fighting spiders with armor, and toymakers create punchcard-driven marionettes. Large fish lumber across the skies, while boat people find a new home on the edge of a different dimension. Technology and tradition meld as the people adapt to the changing forces of their world. *The Sea Is Ours* is an exciting new anthology that features stories infused with the spirits of Southeast Asia's diverse peoples, legends, and geography.
