

# Decision Making in Organizations: Understanding and Improving

ATTENTION COLLEGE STUDENTS: If you need to write a paper on decision making in organizations, then this is the perfect reference. Its simple, easy to understand, and right to the point. This eBook examines workplace decisions. First it analyzes factors that influence decision making including ethics, resources, quality, experience, bias, age, environment, polices, hierarchy, government, and economy. Then it evaluates the major types of decisions including routine, non-routine, strategic, tactical, and operational. Last, but certainly not least, it explores ideas and suggestions for improving decisions. The text also contains organizational examples for clarification and better understanding. If you are interested in learning about decision making in organizations, then this eBook is for you.
