

Nature (North Light Clip & Scan Art Series)

These books provide accurate career information in a two-color format designed specially to appeal to students. They are compact and versatile resources that teachers, librarians, and parents will feel confident in directing their students to use for book reports or research projects. Each book profiles 20 careers and offers a comprehensive look at everything from how to start preparing while still in school to what the future might hold in terms of job prospects and salaries.
