

Heroes of Bardoom: Verdan Chronicles: Volume 3

In The Fourth Age heroes from across Verdan were summoned to oppose Terek, a wizard bent on world domination. In Dark Passages those heroes led by the Lady YShanarra and the brave crusader, Trevor, braved the ancient evils of Kyrotha and the unknown horrors of the Khanian caves to reach Izmir, the base of Tereks new world order. Sacrifices were made, but those that survived have finally reached their destination. In Heroes of Bardoom, those that oppose Terek find a country at odds with itself and less than fully committed to their leaders vision. Yet Tereks power and reach have brought most of the human civilization under his control. A surprise from Tereks past and a bargain struck of necessity have likewise placed the dragons in Tereks debt. Now, it appears that only the elves stand between the wizard and total control of Verdan. And so Terek has summoned the elven kings and queens to Bardoom for a council that will determine all their fates.
