

## Walter Moroder

Born in 1963 in the very traditional Groedental region of southern Tyrol, Walter Moroder comes from a family of sculptors. So it should come as no surprise that his sculptural work is dominated by slender, female figures, which, for all their modernity, are deeply rooted in the craft of southern Tyrolean woodcarving. Yet, at the same time, they are also reminiscent of the forms found in the art of ancient Egypt. This impressive book brings together all of his figural works from the last ten years.
