

Daily Drawings: Women (Volume 1)

Neel has loved drawing since he was a little boy. Using his drawing skill in the ad business has helped pay the bills, but he recently decided to draw much more just for the enjoyment of it. So he promised himself he would do a drawing every day, no matter what. As a result, Neel's friends and family have had a great time following his daily drawings. The first book is on Neel's favourite subject to draw: Women. He jokes that most of his drawings are from memory and that is mostly true. The important thing is that he celebrates women of all shapes and sizes in a fun, sometimes tender and sometimes dramatic way.
