

Learning to Draw on a Tablet. Book Two

This is book two in the series from award winning artist Darren Cannell. He shares some of his art secrets. If you are interested in learning to draw on a tablet, phone, iPad or android then this is the e-book for you. A step by step instructional guide on how to produce art in a digital format. Try it you will be shocked at how much the digital medium can be used to express yourself. This interactive book is supported with videos. The beginning artist to the advanced artist will benefit from the techniques shown in this descriptive book. This will be the best money you ever spend. The cost of this book was priced low, in order to allow the most interested people to access the secrets contained within. A clear process will be explained in a step by step set of images. The clarity will make all level of artists, tablet artists in no time at all. A new interactive e-book approach. This e-book embraces the power of interactivity. Each lesson is enhanced with video support and tips. This further adds to the value of the book. This book is the future of what all books should and will be in the future. Some of Darrens Award winning images are included. Images of his works are included to inspire. Are you willing to accept the challenge?
